SAFE DRINKING WATER CERTIFICATE**

Date: 06/06/2024

This is to certify that Al Manhal Bahrain Water Factory WLL, is registered in Bahrain under commercial Registration Number-27984-1 and Ministry of Health number 18-0290 and is licensed to operate a water treatment process and bottle drinking water under the brand name Al Manhal water.

Al Manhal Bahrain Water Factory WLL has been supplying bottled drinking water to New Horizon School and is an approved and authorized safe drinking water supplier in Bahrain and fully complies with the regulations and guidelines of ISO, Nestle and Local regulations for bottled drinking water.

We are committed to provide safe, clean, hygienic, and high-quality drinking water to our customers throughout Bahrain.

1. Our source water is quality tested to ensure suitability for human consumption. This water is sourced from Deep well water as per the government standard and then we further process using different levels of water treatment and filtration.
2. Our manufacturing and bottling operation as well as the final product quality is approved by the relevant government agency.
3. Each level of process is checked through Quality Control department with fully equipped in-house laboratory facility. Periodically Samples are sent to 3rd party Lab for verification of all the quality parameters which meets regulation, international and Nestle standards for drinking water.
4. Al Manhal Bahrain Water Factory WLL is certified with ISO 22000:2018 for Food Safety Management System and ISO-9001 through UKAS Management system.

We hereby certify that Bottled Drinking water supplied by Al Manhal Bahrain Water Factory WLL under the brand name Al Manhal water is safe for human consumption and in line with Regulatory, drinking Water Standards, Nestle standards and International Standards.
